

Benchmark Exams: View Reports and Release Results

Updated 6 months ago

After the exam-takers have completed an assessment, you can view the Individual Strengths & Opportunities Report (S&O) for each exam-taker. You also can view a Summary Report with the overall results. In both reports, you can compare class performance and national performance (if available). When ready, you can release the results to the exam-takers.

Procedure Overview

1. [Combined Reporting](#)
2. [View the Individual S&O reports](#)
3. [View the Summary Report](#)
4. [Release the results](#)

Combined Reporting

1. Navigate to the assessment.
2. Select the **Reporting** tab. Selecting this button will allow you to see a combined report view of multiple linked assessments.

4. Complete the following steps after all exam-takers have completed the assessment.
1. Navigate to the assessment.
2. Select the **Reporting** tab.
3. Update any scores (if applicable) by selecting the **Update Scores** button.

5. Select the report that you want to view.

- The **Individual Strengths & Opportunities (S&O) Report** shows each exam-taker's score, along with their performance in each category. You can compare the individual's performance to the class and national averages. See: [S&O Reports](#)
- The **Summary Report** shows the number of exam-takers who scored in each percentile, along with the overall performance in each category. You'll be able to compare the class average to the national average overall and for each category. See: [Summary Report](#)

View the S&O Reports

Within the **Reporting** tab the Students option (S&O Report option) is displayed automatically. The exam-takers are listed with the percentage correct and the total points earned.

Decide which exam-taker's report to view first. Then, select the **eye** icon. (You'll be able to navigate among them later.)
